Changing Children's Lives

www.afnevehanna.org

The children of Neve Hanna are the future of Israel. They come from every sector of the country and from every community.

We raise funds to provide:

- Psychological services
- State of the art therapies
- Social workers
- Special tutors
- Religious instruction
- Bar/Bat Mitzvahs
- Holiday outings
- Birthday parties
- Services of a rabbi who educates and guides the children in their spiritual development
- Maintenance and development of the campus

To save one life is like saving the world.

To save one child is like saving the entire universe.
